

Report for December 2017 Meeting

Focus:

Innovation

Team Members:

Christine Harvey (West Suffolk College) supported by David Warren (West Suffolk College)
Chris MacDonald (Morgan Sindall)

Vision /Objectives:

Innovation

The objectives are two fold:

1. To understand existing and emerging technologies and practices that modify, augment and positively disrupt the way the construction industry operates to enhance productivity and performance.
2. To harness this understanding by chartering opportunities for innovation to be showcased and implemented.

[Note – as the Innovation stream is new, the above objectives are here listed for the Chairman's approval. Thanks. CM].

Date of last team meeting

24th April 2018

Progress since last report

Innovation

Innovation stream formed and focusing on objective 1. Steve Wilson (GCGP LEP Innovation Head) engaged for possible meeting).

Next steps

- CM, CH & DW to arrange follow-up meeting and further discussions with emerging innovations
- CM to start documenting emerging innovations and technologies
- Work Programme to arrange meeting with relevant GCGP personnel (Steve Wilson?)

KPIs

Innovation – charter of emerging technologies and practices complete end of Summer (in Green Paper format) – for agreeing with Chairman.
